LinkedIn Profile | GitHub Profile

PROFESSIONAL SUMMARY

Computer Science & Engineering student at Medi-Caps University (2025–2029) building full-stack web applications with Next.js, TypeScript, MongoDB and modern frontend tools. Developed TeamForge, a developer team-building and collaboration platform, and TrodoMiles, a responsive travel-discovery website. Seeking software development internships focused on practical, user-facing products.

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, TypeScript; C/C++ basics

Frontend: HTML, CSS, React, Next.js, Tailwind CSS, Framer Motion

Backend & Data: Next.js Route Handlers, REST APIs, MongoDB, Mongoose, Auth.js/NextAuth

Tools & Platforms: Git, GitHub, VS Code, Vercel, Axios

CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks

PROJECTS

TeamForge — Developer Team-Building & Collaboration Platform

Stack: Next.js 14, TypeScript, MongoDB Atlas, Mongoose, Auth.js/NextAuth, Tailwind CSS, Vitest, Vercel

- Built a full-stack platform for developers to discover teammates by skills, roles, interests and availability using a transparent weighted compatibility score.
- Implemented team discovery, join requests, notifications and shared workspaces with a Kanban task board, member management and activity timeline.
- Added server-side session and ownership checks; repository README documents 21 unit tests for matching, profile scoring and team helper logic.

Live Demo: teamforge-amber.vercel.app | GitHub: TeamForge GitHub

TrodoMiles — Travel Discovery Website

Stack: Next.js, TypeScript, Tailwind CSS, Framer Motion, Vercel

- Built a responsive travel-discovery interface to explore destinations and famous places, with animated transitions and destination pages.
- Designed a clean, cinematic interface with responsive layouts across screen sizes.

EDUCATION

B.Tech — Computer Science & Engineering, Medi-Caps University, Indore | 2025–2029 (Expected)

Class XII: UP Board — 82.60%

CERTIFICATIONS & ACTIVITIES

- Certificate Program in MERN Stack — Sector Skill Council, NASSCOM (Aug 2026).
- Indore Level Hackathon 2026 — Certificate of Participation, DAVV, Indore (Mar 2026).
- Smart India Hackathon 2026 — Email phishing detection system problem statement.
- Code Canvas 2026 — University-level coding/hackathon participation.
- Career Catalyst 4.0 — Selected for the AI/ML domain through the AWS Cloud Club at Medi-Caps University.
